

IN THE DRAWINGS:

Drawings labeled "Replacement Sheets" for all drawing figures have been attached to the English language translation. In all these drawing figures, the PCT number and page numbering has been removed. Also in
5 Figures 1 and 7 translations have been made. Although screen shots in the remaining figures are in German, these have not been translated because they could be in any language depending on the type of document being scanned in. The language of this document has nothing to do with the invention, and therefore the documents shown in the screen shots have not
10 been translated. No new matter is added.
